

Yusen Logistics Americas- NYK Group Earns the 2019 DBMA Circle of Excellence Award

BY: Omar Keith Helferich, Ph.D.

The NYK Group

The NYK Group provides services in global logistics, bulk shipping, and real estate. NYK Group Values represent the NYK DNA inherited by 130 years history. The NYK Group Values of *Integrity, Innovation and Intensity* are aligned with gemba and society through behavior and to show the ways to achieve the "NYK Group Mission Statement."

The NYK Group aims to have integrated management that simultaneously focuses on maximizing the group benefits with those of society. It considers both the company's relationships and key issues of sustainability such as the environment, society and governance (ESG). For the purpose of meeting the expectations of society, NYK established a Corporate Social Responsibility (CSR) Division at NYK's headquarters and appointed CSR Task Force members in each NYK company headquarters.

The NYK Group has been selected for inclusion in SRI/ESG indexes provided by several index providers and other institutions as a group of companies that actively promote CSR and ESG activities. **(See specific indexes listed in the NYK Website WWW.NYK.com/english/CSR)**

Yusen logistics -An NYK Group Company

Yusen Logistics offers a suite of supply chain solutions that support business in developing a competitive advance through improving the flow and management of product. Yusen Logistics as an NYK Group Company has always brought forward resources and a global team to help people in need throughout the world. The foundation of the business consists of services such as International Freight Forwarding , Contract Logistics , and Transportation. Yusen Logistics, with over 24,000 employees, has a network spanning 333 cities in over 45 countries linking Japan, the Americas, Europe, East Asia and South Asia & Oceania, and operates more than 550 distribution centers.

Yusen Presidents Message- A commitment to Expanded CSR

"As a global company providing logistics services in 45 countries and regions, Yusen Logistics needs to better understand the diversifying corporate social responsibility and contribute to sustainable growth for business and communities. To help us do this, in 2017 we have defined the Vision, Mission and Values, and used this to map out the Long-Term Vision, "TRANSFORM 2025."" The commitment to this Long-Term Vision will contribute to the success of stakeholders, communities as a whole, and Yusen Logistics sustainable growth.

Yusen understands that companies today are required to go a step further than compliance, that they are members of society and must therefore give due consideration to social ethics, human rights, the global environment and local communities. Embracing this goal, the Yusen Logistics Company with the NYK Group is tackling its corporate social responsibility sincerely, determined to meet the expectations of shareholders while aiming to achieve sustainable development.

Yusen Corporate Social Responsibility

Yusen Logistics has established a "Code of Conduct" to which officers and employees of the group must comply in performing the day to day business activities. To achieve this the company supports social contribution initiatives such as environmental conservation, disaster support, welfare, and cultural support.

- Yusen continues to reduce its carbon footprint including ISO 14001 certification for warehouses and offices.
- Yusen is reducing environmental loads by using resources efficiently, saving energy and reducing waste including use of large-scale solar power and LED lighting for warehouse operations.
- Yusen has a publicly-available system to provide CO2 emission amount expelled during their door to door transportation services.
- Yusen uses closed loop environment and Green Policy programs globally to reduce land fill loads by further processing and materials reuse.
- Yusen environmental conservation activities include forest conservation in Nagano Prefecture, Japan and tree planting in the Philippines.
- In support of the Tohoku earthquake Yusen coordinated collection of supplies, trucking, air cargo and delivery with support in Japan.
- Yusen and NYK employees were instrumental in providing clothing, and fund raising to support families impacted by the Tohoku earthquake and Tsunami.
- Yusen coordinated efforts to help those in need after the devastating Houston hurricane and unprecedented floods.
- Yusen is working with the Big Lots Foundation to focus on some of the most pressing issues facing the communities- hunger, housing, healthcare, and education.

Future CSR Commitment

The Yusen CEO statement ensures the future CSR commitment “this will be a game-changer for us and the nonprofit partners- allowing us to have a much greater impact over time”

Creation of a new competitive edge
