

SCF TRACK: SESSION 9

Monday, September 27—10:00 am to 11:30 am
Amphitheater Three

Chair: Amy Thorn

Title: Breakthrough Technologies – Where They Fit & Where They Don't and Hot Issues

Session Learner Objectives:

- Learn relative knowledge of technologies and strengths/weaknesses in the context of the “hot topics”

Educational Level: Intermediate

Abstract:

Voice, PTL, robotics...so many technology choices. With issues like regulatory compliance, language, literacy, international expansion, labor issues and cost of errors, how do I know which solutions work for which issues?

Speakers

- Damir Kantardzic, President, **ASAP Automation**
- **Vocollect**
- Brad Wyland, Director- Product Strategy, **Seegrid**
- Joseph LeFergola, Business and Information Solutions Manager, **Raymond Corporation**

Keywords:

- Info Technology, Technology
