

SCF Track Sessions- Schedule and Amphitheater Locations

	Monday 9/27 10 AM	Monday 9/27 1:30 PM	Monday 9/27 3:30 PM	Tuesday 9/28 10 AM	Tuesday 9/28 1:30 PM	Tuesday 9/28 3:30 PM
Amp. 1	SCF- Using a Multichannel Approach to Unlock Value for At-Risk Inventory	SCF- Smarter, Faster and Easier: The Essentials for Best-Practices Supply Chain Procurement	SCF- Innovative Order Management Technologies to Deliver the Perfect Order	SCF- Distributive Supply Chain Technology: Don't get Caught Napping	SCF- The Year 2020 – Supply Chain Planning & Execution Systems	7: Getting the Best, Cost, Value and Flexibility in the Global Supply Chain
Amp. 2	3: Collaborative Practices to Maximize Mutual Chain Value	11: How to Enforce Strategic Decisions at an Operational Level	17: Transportation Sourcing: People + Process + Technology = Leading Practice	2: Multi-Echelon Inventory Optimization	18: Quantifying Risk: The Role of Scenario Planning & Tradeoff Analysis	8: Supply Chain Leadership: Driving Profitable Growth
Amp. 3	SCF- Breakthrough Technologies— Where They Fit & Where They Don't and Hot Issues	5: Design for Success	1: Case Studies in Transforming & Centralizing a Fragmented Network	15: Metrics to Message & Management	SCF- Lean Technologies: Not Just for Manufacturing Anymore	10: Smart Strategies: Identifying ROI and Justifying Systems and IT Projects
Amp. 4	SCF- Technologies for Operational Excellence	SCF- Returning the Profit to Returns Processes	SCF- New Robotics Technologies that are Transforming Packaging & Distribution	19: Leveraging Technology for 3PL Success	13: Integrating the Physical & Financial Supply Chains	20: Tackling the Transportation Optimization Conundrum
